

FOOD & CAFE DISPLAY

CONTRACT CATERING CATALOGUE

FOOD & CAFE DISPLAY

We have prepared this Digital Download for anyone looking to embark on a project involving Food Display, including Salad Bar/Deli Counter, Hot Counter, or any other kind of Hospitality Food Display.

We have organized the download into helpful sections covering essential product groups such as Bowls, Risers etc. and hope this will help in your research of individual products.

We have also tried to provide a guide on which products are 'Premium' and therefore more expensive than 'Standard'. As prices are changing more regularly than normal, we do not price each product. Please contact us for detailed quotations.

We have also identified where products form part of our 'Core Stock' ranges and are therefore more likely to be available as you require them. Again, please check with our team for further details.

Where items have been selected to represent current market trends, these are identified as 'Trend' and these will change as the download is updated regularly.

Ideally, this download is best used in conjunction with our consultation if you require assistance with any form of Food Display Design.

We will be delighted to meet you to discuss your project and if you would like to arrange an appointment with our team in the London Showroom, please call us on **0844 3345232**, email us at **sales@goodf.co.uk** or click on this link to request an appointment.

TERMS

PREMIUM

Our best quality products that are normally a little higher in cost than our standard products

STANDARD

Our every-day, best priced offering in each section. You can expect us to keep good stocks of these items, so they are normally readily available

TREND

These items are either sold on a fashion-led theme or style, or are seasonal

CERAMIC

As soon as you can hide the stainless steel of the salad bar well, the look and feel massively improves!

We have lots of different materials we can use in order to achieve this look.

DID YOU KNOW

This material maintains heat as well as keeps cold, so use on hot counters or salad bars
