COLLECTION 2023/24

INTRODUCTION

Welcome to our new format downloads which are aimed to provide focused and inspirational information on each main brand and functional areas such as Afternoon Tea etc.

Please visit our website regularly to explore the series of downloads as we build them.

Each download will provide inspirational food images, the range of products for each brand and functional area, along with information on whether we carry an item as **Core Stock** (which means we will usually have a good level in stock at all times). **Core Stock** items will be identified by a ● alongside each item.

If items are identified as a **Special Order** with a □ then, even for samples, we will need to place an order with the supplier. This usually applies to hand-made products or where items are available in a range of glazes.

We hope you will find our new way of providing 'catalogue' information more useful and will help provide some inspiration to enable you to make the best choice.

We are always available to provide you with in-person help, via our friendly Customer Services team or at our London Showroom.

20 Little Portland Street, London, W1W 8BS

CUTLERY

We think of Cutlery as being the jewelry of the table. Like jewelry, there is a huge choice at every price point, so narrowing down a selection has taken years of experience in understanding our customers' needs as well as which brands offer the best value-for-money. Sometimes, money is not a consideration and you will be able to rely on us to provide an amazing choice of Silver and exclusive cutlery on request.

However, in this selection, we have chosen manufacturers, styles and price points that offer a diverse choice across all cuisines and settings.

The selection is part of our wider availability, so if you want something specific that you don't see here, please contact us.
