COLLECTION 2023

## INTRODUCTION

Welcome to our new format downloads which are aimed to provide focused and inspirational information on each main brand and functional areas such as Afternoon Tea etc.

Please visit our website regularly to explore the series of downloads as we build them.

Each download will provide inspirational food images, the range of products for each brand and functional area, along with information on whether we carry an item as **Core Stock** (which means we will usually have a good level in stock at all times). **Core Stock** items will be identified by a ● alongside each item.

If items are identified as a **Special Order** with a □ then, even for samples, we will need to place an order with the supplier. This usually applies to hand-made products or where items are available in a range of glazes.

We hope you will find our new way of providing 'catalogue' information more useful and will help provide some inspiration to enable you to make the best choice.

We are always available to provide you with in-person help, via our friendly Customer Services team or at our London Showroom.

## Zieher Vision (Mouth Blown) [↗](#)

No distinction is made between red wine or white wine glasses in this collection, the glasses are simply theme-based or character-based. The names of the glasses clearly explain what they are used for. You intuitively reach for the glass which presents the flavours of the wine that you particularly wish to emphasise in the best way. If you want a powerful wine to be more harmonious or a touch livelier and fresher, you pick the glass with the designation that reflects your requirement best.

## Sensa

Sensa takes the complexity out of modern wine enjoyment: With only five glass shapes all wine styles can be covered. Thereby, it does not matter whether you serve red wine, white wine or rosé. Which glass you choose, is only decided by the wine's aroma – and not by its colour. The modern and filigree series, which is made of Tritan® crystal glass in the Bavarian Forest, represents following five aroma styles: Light & Fresh, Fruity & Delicate, Velvety & Sumptuous, Flavoursome & Spicy as well as Light & Fresh (Sparkling).
