INTRODUCTION

Welcome to our new format downloads which are aimed to provide focused and inspirational information on each main brand and functional areas such as Afternoon Tea etc.

Please visit our website regularly to explore the series of downloads as we build them.

Each download will provide inspirational food images, the range of products for each brand and functional area, along with information on whether we carry an item as **Core Stock** (which means we will usually have a good level in stock at all times). **Core Stock** items will be identified by a ● alongside each item.

If items are identified as a **Special Order** with a □ then, even for samples, we will need to place an order with the supplier. This usually applies to hand-made products or where items are available in a range of glazes.

We hope you will find our new way of providing 'catalogue' information more useful and will help provide some inspiration to enable you to make the best choice.

We are always available to provide you with in-person help, via our friendly Customer Services team or at our London Showroom.

Velvet

Rim: Biscuit porcelain; finely ground. Surface: glazed porcelain.

The thinness of the porcelain and the delicately rough feel of the hand-ground rim of the plate suggest otherwise - but the dinner plate, like all the other elements of the Velvet Collection, is so robust that it is also ideally suited for use in the catering trade

Dishwasher and microwave-safe.
