PREMIUM TABLEWARE STONEWARE

INTRODUCTION

Welcome to our new format downloads which are aimed to provide focused and inspirational information on each main brand and functional areas such as Afternoon Tea etc.

Please visit our website regularly to explore the series of downloads as we build them.

Each download will provide inspirational food images, the range of products for each brand and functional area, along with information on whether we carry an item as **Core Stock** (which means we will usually have a good level in stock at all times). **Core Stock** items will be identified by a ● alongside each item.

If items are identified as a **Special Order** with a □ then, even for samples, we will need to place an order with the supplier. This usually applies to hand-made products or where items are available in a range of glazes.

We hope you will find our new way of providing 'catalogue' information more useful and will help provide some inspiration to enable you to make the best choice.

We are always available to provide you with in-person help, via our friendly Customer Services team or at our London Showroom.

20 Little Portland Street, London, W1W 8BS

STUDIO MATTES

We consider Charlie Martens to be not only one of the world's best potters but also a friend.

For almost 10 years, we have marvelled at his constant drive for innovation and beauty in everything he does. His lives and breathes tableware. Perhaps that is why every product he makes seems to carry such a personal hand-made quality. Charlie believes in 'clay memory'. The fact that every contact with the clay from the first moment to when it reveals itself from the magic of the kiln, makes each piece slightly different to the next.

Charlie helps us work with chefs on an individual project basis, ensuring they achieve tableware which reflects their own unique character; as well as providing us with small collections of products which he feels strikes the current mood. He is unconventional and likes to surprise. To us, he is the Rock Star of pottery. And now his imagination has turned to wood and glass, there is no end to how a tableware concept can be fashioned from his studio in Belgium.

Even though the designs can be intricate, each product is fired between 1250 and 1300 degrees to make them durable and dishwasher safe.

But that's not why chefs eagerly await the next collection. They want to see what his mind will come up with next and I can promise you, they will be amazed.

VISIT OUR SHOWROOM

Our showroom is the 'go to' place for a unique experience in selecting tableware or food display concepts for your restaurant or catering site.

Our team are there to advise on style, functionality, pricing and concept design involving exclusive crockery, glassware, cutlery, buffet display and hospitality set ups.

Our collection changes weekly, so even if you have been before we are always worth another visit.
